# QUANTITATIVE METHODS

Brand: Mehta Solutions
Product Code: NU002
Weight: 0.00kg

Price: Rs500

Short Description
NAGARJUNA UNIVERSITY QUANTITATIVE METHODS

Description

QUANTITATIVE METHODS SOLVED PAPERS AND GUESS

Product Details: NAGARJUNA UNIVERSITY QUANTITATIVE METHODS

Format: BOOK

Pub. Date: NEW EDITION APPLICABLE FOR Current EXAM

Publisher: MEHTA SOLUTIONS

Edition Description: 2021-22

RATING OF BOOK: EXCELLENT

ABOUT THE BOOK

FROM THE PUBLISHER

If you find yourself getting fed up and frustrated with other **NAGARJUNA UNIVERSITY** book solutions now mehta solutions brings top solutions for **NAGARJUNA UNIVERSITY QUANTITATIVE METHODS**   contains previous year solved papers plus faculty important questions and answers specially for **NAGARJUNA UNIVERSITY** .questions and answers are specially design specially for **NAGARJUNA UNIVERSITY** students .

Please note: All products sold on mbabooksindia.com are brand new and 100% genuine

- **Case studies solved**
- **New addition fully solved**

- **last 5 years solved papers with current year plus guess**

PH: 07011511310 , 09899296811 FOR ANY problem

FULLY SOLVED BOOK LASY 5 YEARS PAPERS SOLVED PLUS GUESS

QUANTITATIVE METHODS

UNIT-I: PROGRESSIONS, LIMITS, DIFFERENTIATION AND INTEGRATION:Progression, A.P., G.P., Limits, Differentiation, Maxima and Minima of Onevariable (without trigonometry background) and Simple applications. Integration(without trigonometry background) and Simple applications.

UNIT-II: BINOMIAL THEOREM AND PROBABILITY: Binomial theorem,Permutations, Combinations, Concept of Probability, Addition and Multiplicationtheorems of Probability, Baye's theorem and its applications.

UNIT-III: THEORITICAL DISTRIBUTIONS: Binomial, Poisson and Normal distributionsand their simple applications.

UNIT –IV: TESTING OF HYPOTHESIS: Z-test, t-test and Chi-square test

UNIT-V: CORRELATION, REGRESSION AND TIME SERIES: Simple Correlation,Rank Correlation and Simple Regression, Time Series, Components of TimeSeries, Measurement of Trend (Straight line by the method of Least Squares)
